Arts & Sciences Accounting Services Meeting Minutes

February 13, 2013

Dean’s Office: Ryan Greenway, Laura Yurco, Collette Wilshire, Sabrina Flowers, Ed Payne, Christian Lincoln, Iris Wilfong-Rogers

Speakers

Anita Collins
Change Management lead for PeopleSoft

Anita reviewed the training plans for the PeopleSoft Implementation, both for HR/Payroll and Financials. Her slides are attached to the minutes email.

Christian Lincoln
Accounting Tech for the Dean’s Office

Christian reviewed travel rules and regulations and provided us with a set of tips and best practices. His slides are also attached.

Announcements

New employee
Iris Wilfong-Rogers recently joined the Dean’s Office as an accounting technician in the Business Center

Finance

Budget Update
The University remains optimistic on the Budget for next fiscal year, especially since tax receipts are currently exceeding projections. We will update you as updates materialize.

PeopleSoft
The PeopleSoft Project Team will host a town hall on February 25, 2013. This meeting is for anyone on campus, and is targeted toward employees who have only had limited involvement in the PeopleSoft project so far. Sign up to attend one of the sessions at:

Training & Implementation Team

Finance: The Dean’s Office requested volunteers to train staff in the College on 5 modules in PeopleSoft Financials (below). We have put together a team of 12 employees – half from the Dean’s Office and half from departments – who will train all of the staff in the College in PeopleSoft Financials.
• Create SOP documents and check requests (which will be creating vouchers in PeopleSoft)
• Create journal entries
• Create purchase requisitions
• Receive orders
• Request new vendors

We will also have several training and implementation partners that will assist in the transition along with helping the training team.

**HR:** All training in HR will be conducted by HR. Please review Anita’s presentation for more details on this process.

**Mapping and Conversion:** We have included the mapping, department, cost code prefixes, and other files. Also, Nadine Kinsey has returned to the College part-time and will be assisting the Dean’s Office in preparing our accounts and financials for the PeopleSoft transition.

**Faculty Recruitment**

Please send your approved faculty recruitment expenses to Ed Payne for reimbursement. State funds can be used for airfare and other recruitment expenses with the exception of food. Contact your budget analyst if any of your payments get rejected by Accounting Services.

**EPAWeb Attachments**

Just a reminder that you should only include .pdf or .tiff attachments in EPAWeb. The system will allow you to attach other document types, but you will not be able to view them in the future (example: word documents, excel files).

**EPAWeb Student hourly Approvals in Lump Sum payments**

Please note that lump sum payments for **hourly** pay in EPAWeb should include a supervisor’s approval as an attachment. We need the supervisor’s signature of approval after the student has worked those hours to confirm, for auditing purposes. This rule does not apply for lump sum payments submitted by departments outside of the College, such as Medicine. If one of your students has a lump sum payment initiated by Medicine, then they are tracking approval of hours worked outside of EPAWeb.

**Next Meetings:**

Mar. 13  CAS Managers’ Meeting
Apr. 10  CAS Student Services Staff Meeting

*Location: Toy Lounge, Dey Hall*
High-Level Approach to Training

February 13, 2013
Design Factors for Effective Training

- Deliver training close to go-live
- Target training to roles (not one size fits all)
- Keep business processes in mind
- Offer hands-on training when possible
- Make training mandatory
- Develop a certification process
To Meet Those Factors, We Will

• Use a variety of methods to best meet training needs:
  – classroom
  – webinar
  – computer-based training (CBT)
  – small group/one-on-one
  – train-the-trainer

• Choose the method based on
  – the number of people who need to be trained
  – how much content needs to be covered
  – the complexity of the content
• **Train-the-trainer method**
  - SOP documents and check requests (will be vouchers)
  - journal entries
  - purchase requisitions
  - receiving
  - requesting vendors (changes to Web Vendor application)

• **Classroom sessions**
  - PeopleSoft for research administrators
  - University deposits
  - budgeting
  - capital improvement projects
  - reporting & ImageNow document management
- **Computer-based training (CBT)**
  - approvals
  - eProcurement
  - wire transfers
  - PeopleSoft navigation
- **Webinars** for brief topics
  - travel
  - petty cash
- **Small group training** for central offices
Snapshot of Campus Training for HR/Payroll

• Classroom sessions
  – originating complex actions (taught in cohorts, by school or grouped over a period of six weeks)
  – reporting and document management (ImageNow)
  – overview of PeopleSoft HR for approvers and inquiry-only users

• Computer-based training (CBT) for:
  – originating basic actions (plus venue for asking questions)
  – approving HR actions
  – accessing pay stub, signing up for OHR training

• Small group training for central offices
• Classroom training targeted to begin in October 2013, with the bulk of training in December 2013 and January 2014
• Awareness training began January 2013
  – webinars
  – self-paced computer-based training
  – concept ("101") documents
  – “sneak peek” documents that highlight a particular PeopleSoft feature
• For example, Intro to Chartfields webinar, more webinars in the works
  – PeopleSoft 101 (navigating in PeopleSoft)
  – Purchasing inquiries
  – Budget journals, transfers, and inquiries
Where will the training be held?

- **For campus:** Friday Center and the Leadership Institute
- **For central and other campus administrative offices:** locations convenient to their work location (AOB, South Building, SASB, etc.)
Partnering with Campus

- We won’t be working in a silo—will partner with campus
- **Trainers** to teach the train-the-trainer content
- **Training/Implementation Partners** for both HR and Finance
  - help ensure training participants understand how their business processes are changing
  - help ensure everyone in the unit who needs training receives it
- We’ll be meeting with the MOU leads in the next month or so to fill the Finance roles
Town Hall & New Website

• Town Hall  Feb. 25
  – Genome Science Building, room G100
  – Two identical sessions: one at 1:00 and one at 3:00

• Sign up to attend one of the sessions at:
  – http://tinyurl.com/cctownhall1
  – http://tinyurl.com/cctownhall2

• New website up and running:  http://ccinfo.unc.edu/
  – work in progress

Tip 1: Re-use T numbers

- One T number for one traveler’s entire trip
- CABS, travel advances, registration payments, and travel reimbursements can all use the same T number
- Improves efficiency

Tip 2: Use CABS Whenever Possible

- The Central Airfare Billing System (CABS) provides discounted airfare for all University business related travel
- No out of pocket cost to the traveler
- Maximizes savings for departments’ travel budgets

Tip 4: Use Travel Advances Sparingly

- Travel advances are loans made to travelers
- Students: Domestic & foreign travel
- Faculty & Staff: Foreign travel only
- Can be confusing
- Offer a University sponsored Diners Club card instead
The Diners Club Card

- Traveler does not have to incur out of pocket expenses
- Used just like a credit card
- Travel reimbursement procedures remain the same
Tip 5: Show Me the Car Facts

- If driving, always check with the motor pool first
  - Could be a viable option
- When using a personal vehicle:
  - If no motor pool car is available or the round trip is under 100 miles = $0.565 per mile
  - If a motor pool car is available = $0.30 per mile
- Rental car expense is reimbursable but rental car insurance is not!
Tip 6: Know the Travel Reimbursement Cycle

- Only registration fees and CABS can be paid before departure
- Everything else is reimbursed upon return

Tip 7: Explain Per Diem Guidelines Before Travel

• The Out of State Per Diem Rate, $37.50, may be reimbursed for all travel outside of North Carolina regardless of fund type
• Trips funded by discretionary funds are reimbursed at the out-of-state per diem rate unless actual receipts are submitted
• Some federal contracts and grants allow meal reimbursement based on the U.S. State Department allowances
