Year End:
Please remember to run your queries as often as daily to find transactions in error. Vouchers and requisitions will be charged against your funds even before they are paid so it’s important to make sure to clear any items in error so you have accurate numbers. You can find the manual for how to run the queries here: https://ccinfo.unc.edu/files/2015/05/Preparing-for-Year-End-Close-Reviewing-Open-Transactions.pdf.

Any vouchers not through departmental approval by June 15th will start process of being deleted centrally. Due to this new year-end process it’s very important to run the queries to check for any vouchers in error.
